Declaration for Danco TD#830

Danco TD#830 is suitable for application on Protecto-Wrap® and complies with the New Zealand Building Code Clause B2 (Durability). As this tape will be a building element which is difficult to access and replace, the code's durability requirement is for not less than 50 years.

Danco TD#830 is an excellent water and reflective heat barrier. Danco TD#830 is conformable, durable and easy to work with.

This declaration covers all shipments of TD#830 and is valid for 12 months.
