

PDL 800 MODENA SERIES

GENERAL INSTRUCTIONS

- It is illegal for persons other than those authorised by legislation to work on the fixed wiring of any electrical installation.
- All installations must be in accordance with local and state Electrical Wiring Regulation and Building Codes of Practice.
- **CLEANING** - To clean, simply use a cloth dampend with water only. Cleaning agents are not recommended as their use may harm the product and void warranty claims.

2. Modules should be clipped into Grids before screwing product to the wall.

FITTING INSTRUCTIONS

1. Modular accessories can be wired before or after clipping into a Grid.

3. Once the Grid is firmly attached to the wall the cover can be clipped into place.

Note: When fitting a metal plated cover to a grid that has been mounted using the centre mounting screws, screw caps must be fitted.

COVER REMOVAL

To remove cover insert a flat blade screwdriver between Cover and Grid tab and gently lever apart.

MODULE REMOVAL

To remove modules use ejector tool as shown below.
