Re: Construction sealants & primers compatible with ADHISO WS foil tape

To whom it may concern,

The following sealants have been tested by the manufacturers for compatibility and adhesion to Pro Clima ADHISO WS Aluminium foil tape, and are recommended for use when air-sealing window and door openings in conjunction with Pro Clima EXTONSEAL sill tapes:

| Manufacturer | Product Name |
|---------------------|-----------------------|
| Sika | SikaHyflex-905 |
| Sika | Sikasil WS-305 |
| Sika | Sikaflex AT-Facade |
| Sika | Sika Activator-250 |
| Tremco | Dymonic FC |
| Tremco | Dymonic 100 |
| Bostik | MS Safe Seal |
| Bostik | Seal N Flex 1 |
| Dow Corning | Dowsil 688 |
| Dow Corning | Dowsil 791 |
| Dow Corning | Dowsil 1200 OS Primer |

Refer to the ADHISO WS application guide and the sealant supplier specifications for more detailed information on the use of these products for wet seals.

Kind Regards
